Things are moving along. There were a lot of files that were password protected or otherwise locked so I have been having to print all those files to pdf to get unlocked versions. I am almost done with that. Then I need to make sure I have everything. Then add the page numbers. If we don't mind having leading zeros, I think I figured out a way to make that process much faster. But I am not sure if it will work. We'll see.

Thanks, Lucita. We are still chipping away at the index. Kate hasn't had to have me fix anything lately, so I think that's a good sign.

Are things going smoothly, Kate?

Thanks!
